League Games To-day.

at Cincinnati.

at St. Louis.

at Chicago.

At St. Louis, July 18.—Both teams surprised themselves this afternoon by playing best ball of months. There was only one error, and that did not affect the result. A lucky bunting of hits brought out the only scores, and the Giants got more score than Louisville. Battling honors were even. Both pitchers were in excellent form, and it was largely head work on the part of Clarke and Cunningham that kept the batting down.

George Davis and Nicklin did the best work, and Dexter kept all the Giants out of the bases by his throwing to second. He caught four men, and after three failed twice no one else tried. The work of both sides was fast and the game was a reminder of the other days.

At Louisville, July 18.—The game was a reminder of the other days. The Giants found Cunningham in the dug, when George Davis, Gleason, C. Cunningham scored, earned a single and three stolen bases. His hits were clean drives, but the Giants were lucky in field hits. Louisville error was made in this instance, a who got the life, lost out tryal. Cunningham yielded only one to the rest of the game.

TYCHO BRAHE, CHAMPION HIGH JUMPER.

This horse, with Richard Donnelly up, yesterday afternoon broke the world's record for high jumping by clearing 7 feet 6 1/2 inches. The trial was made in the Central Park Riding Academy in the presence of many responsible and practical horsemen.

## TYCHO BRAHE'S FEAT.

The World's Jumping Record Beaten by the Game Little Son of a Billet.

The record for high jumping by a horse was held till yesterday by Roseberry, who cleared 7 feet 6 inches in Dufferin Park, Ontario, while Filemaker was second, with 7 feet 4 1/2 inches, made in Chicago. But the record now stands at 7 feet 6 1/2 inches, made yesterday afternoon by Holmman Brothers' aged bay gelding, Tycho Brahe, by imp. Billet out of a thoroughbred mare, at the Central Park Riding Academy in this city. The jump was made in the presence of a considerable audience, in spite of the attempt having been quietly arranged. Messrs. W. A. McGibbon, Frank Elliott, F. Ashenden and Thomas Ryan were appointed a committee to superintend arrangements. The bars were measured before and after each jump.

At 1:30 p. m. the horse was brought into the ring, and "Dick" Donnelly mounted. For the first jump the bars were put at 6 feet 6 inches, and Tycho Brahe just popped over this, and the bar was put up to 6 feet 6 1/2 inches. He jumped twice at this height, and again the bar was raised to 6 feet 10 1/2 inches. In getting over this he landed badly, and horse and rider fell in a heap. It looked for a moment as if the contest would stop there, as Donnelly stuck to his horse, but after a moment they rose, just as they had gone down, not hurt in the least.

After a few moments' rest the top bar was put up to 7 feet 6 1/2 inches full. After one look, few of the spectators thought that the horse would even try to jump, but the brave little beast came on with his old time rush, getting his fore feet well over, but striking the bars just behind the girths. Again Donnelly put the horse at the same height, and this time he cleared it in great form. The crowd signified their admiration by a salvo of applause, and a number of spectators rushing into the ring carried the plucky rider into triumph on their shoulders.

Tycho Brahe is quite a small horse, standing about 14 hands at the withers. He has been known as Bay Rum and owned by "White Hat" McCarthy. Subsequently Mr. Frank D. Bond purchased the horse from C. Robbins, of Brooklyn, and his present owners, Holmman Brothers, got him from Mr. Robbins Woodward, also of Brooklyn. Tycho Brahe won the high jumps at the Brooklyn Horse Shows of 1894, 1895 and 1896 and at DuRand's Horse Shows of 1895 and 1896. He is a bold, game hunter and as kindly in his business as possible.

Richard Donnelly, who rode him yesterday, at one time rode on the flat and afterward over the jumps, but has made his greatest success in the high jumping line. He has won at Madison Square Garden, with Perfection, 1894 (6 feet); at Orange Riding and Driving Club, with Perfection 6 feet 7 1/2 inches; at Nauley, Gynkhan's Games, with Vulcan (6 feet 7 1/2 inches), and at heights varying from 6 feet 2 inches to 6 feet 6 inches on various other occasions. He has the rails strapped hard and fast to the wings when schooling, and this was done yesterday. Previous to his record performance Tycho Brahe's best jump was 6 feet 1 inch, done at a private trial a week ago.
